Ariel Sports is a Detroit artist and DJ that explores concepts of trans embodiment, community engagement, and dance-floor activism through live mixing, sound collage, video installation and nightlife events. She is the co-founder of “FEM FARM,” a collective birthed as a space for transwomen/gender-non conforming/queer DJs and artists to experiment with cross-genre sound and video projections. The result was an inclusive environment to counter the typical cis-hetero dancefloor.

Her mix Doll Apparatus is a polyrhythmic journey with meshing of hardstyle, atypical club sounds, transfeminine voices, and electroclash nostalgia.
