hey :) it's me natty g, your friend from detroit!! i was so honored to make this loveee themed mix for the suuuper awesome runner magazine :) i wanted this mix to tell a story - the emotional journey one goes on when faced with a new crush: the initial insanity, the lalalala hopeful feelings, reflections on breakups past, those weird/sad feelings, and then a little dance party to get yourself pumped up again - right before you're back at the grandy's drive-thru at 4am crying to a stevie wonder song on AM580 :)

join me for 90 minutes of mostly groovy/spacey love jams + a few classic hits that will make all of your valentine's day dreams come true :) i love you!!!!!!!!!!
