

Return to Acid Planet - Vol 2

Memory Clap Acid

May 12, 2022

My name is Aldo Giovanni De La Cruz. My close friends and family call me Gio and I make music, DJ, & sometimes play live under the moniker of Memory Clap Acid. The mix I've done for Runner Magazine is a 111 minutes of funky mutant techno, Detroit sludge, Drexciyan electro, & tripped out breaks infused club edits all tied together by a common thread. Acid!!! A big portion of the mix is full of fellow artist who release music on labels that I also work with such as The Black Lodge, Clan Destine Records, Dead Channel Records, Up North Records, META MOTO, Idlestates, Hilltown Disco, Phage Tapes, Sons Of Traders, and last but not least Junted who this artist dj mix is for. I've been releasing music with Junted since the beginning of the label.

RETURN TO ACID PLANET is a series of mixes curated by madeofants - all artists in this series are represented by the Detroit-based label - Junted -RETURN TO ACID PLANET is a series of mixes curated by madeofants - all artists in this series are represented by the Detroit-based label - Junted -
