

## Things Unwind

Joshey

February 28, 2022

Joshua Clarfelt AKA Joshey is a Dj living and working in Detroit. His interest in dance music developed while living in Chicago, spending time on dance floors, record collecting and living with two employees of the infamous Gramophone records; Dj's Adam Rowe & Garrett David. Joshey began working with Adam doing visuals for the We Still Believe parties. It was those early experiences which crystallized many of his beliefs about the transformative powers of dance music; it's ability to make you feel completely different from how you felt when you started the night, the concept which inspired this mix, Things Unwind. The result is 90 minutes of house, techno, and breaks made with love for dance floors everywhere
